

## My version of Flo of the Somme

This is Flo a war hero that saved lives. She is a medical dog who works in the medical corps. Who is brave and strong.

This is the pigeon shot in the wing. Flying over the battle field. Then shot in the wing by a German bullet.

This is the donkey running with Ray. Out to where the injured lay. Across the battle field.

AS Flo and Ray came back to medical corps, walking through the crowd of injured. Pilots "three cheers for Ray and Flo."
