

My version of Flo of the Somme

Marching through Camp,
was a spectacular hero that
was a medical Corp. she is
black and white with a
black wet nose
↳ who loved to play in mud

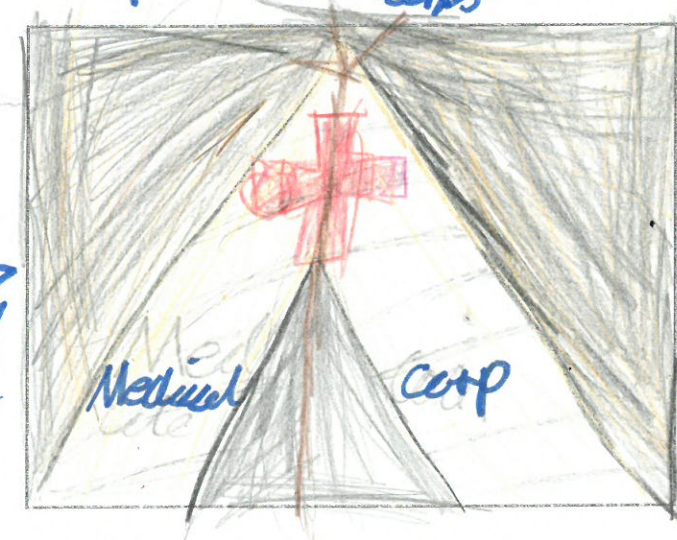

The Mighty Sea Soldier,
called Ray was yanking a
poor donkey across the Smelly,
Fcky, dirty, ~~from~~ No-mans-
land. "Come on donkey!"
"Eeeerrr" (sorry) ↓

The harmless poor pilots
were stuck under the plane
wreck. However Flo the
mature dog saved the
helpless Soldiers.

As the exhausting
day was coming to an end
Flo, Ray and the tired, injured
pilots were coming. Flo and
Ray went back to their tent
and a pigeon flew with a letter
that said, ...

Whimpering in pain,
the pigeon was
resting on the
ground.
