

*I am Nellie M Roberts and I am married to Harry W Roberts who has gone to war. I am very sad, not just because I don't know if my husband has died but also because my three children (Teagan, Sofia, and Amber) got bombed in our old house so now the only person in my family is my cousin Caroline who is ill.*

*I have a new job which is farming. The reason I have to work as a farmer is because a ship (the Lusitania) that was bringing supplies from America got torpedoed by a German u boat so a bunch of women are doing farming as a job. In the morning I milk the cow called Meenah. She is a very stubborn cow so it takes 15 minutes just to milk her which makes the job harder. Later, I take the milk inside and make a cup of tea for Caroline. After a while, I will sit with Caroline and knit her a jumper. Later, I would pick some vegetables for tea. We were very lucky to get two pig trotters the other day.*

*At 12 o'clock, I go in and make a vegetable soup. I sit at the end of ~~Caroline's~~Caroline's bed and share ~~at~~the bowl of ~~soap~~after would~~soup~~. ~~later on~~ I ~~would~~will wash ~~min~~me and Caroline's clothes and at 5 o'clock I would make a rag rug to go next to my bed.*
