

My life as a woman in ww1. By Kyle Lewis Spall

My name is Lilly. I used to have a husband he went to the great war, I miss him. I have not heard from him for 2 years, I don't know if he's alive or dead.

I have three children and one baby. Next door helps me when I work at the farm.

I am enjoying my new job at an Ammunitions factory I walk to my job because it is near my house, I have to wake up at 6:15 and I am always tired so I want to go to sleep again, I work with girls I always feel shy I work for 10 hours it is knackered I get paid £10 a day so I love the job because I get £10 a day I love it.

After a long day at work, I do the cooking tea for the children and the baby I blend it up for the baby to eat. Me and the children eat oak tongues what was warmed upped for the baby's food would be a little warm so it is not too hot for the baby.
