My life as a woman in WW1 by Tamika B

My name is Chloe. I not married but I live with my family. My father went to war- I don't know if he's alive. I received a letter that he's missing. I am enjoying my new job as a nurse. I have to get up at 3 clock in order to get to work. As part of my job, I have to look after ill people and make the medicines. I enjoy my job very much. I work for 10 hours a day. After a long day at work, I still have lots of things to do. To start, I put my dinner on. I have bread and cheese. I also have to do the washing using a metal bucket and washboard.
